

Saint Vincent de Paul Pharmacy Board of Directors

Katie Clark McKinney, Pharm.D, MS, BCPS

Director, Pharmacy Services

UC Health – University of Cincinnati Medical Center

Katie Clark McKinney, PharmD, MS, BCPS currently serves UC Health – University of Cincinnati Medical Center as Director, Pharmacy Services. In this role, she has responsibilities for the operational, clinical, education and research functions of the in-patient, out-patient, ambulatory care clinic and infusion pharmacies at UCMC. Within the service lines most similar to St. Vincent de Paul pharmacy, Dr. McKinney has demonstrated leadership in transitioning the coordination of the Medication Assistance Program, expanding Medication Assistance Program functions to include expansion of co-pay assistance to insured patients and prior authorization services' implementation of Discharge Concierge Service and workflow efficiencies in the ambulatory pharmacy practice settings.

She earned her Bachelor of Science in Biology from the University of Dayton, her Doctor of Pharmacy degree from the University of Cincinnati and Masters of Science in Health-System Pharmacy Administration from the Ohio State University. Dr. McKinney completed her pharmacy practice and specialty pharmacy residency training in hospital pharmacy administration at Grant Medical Center, located in Columbus, Ohio. She achieved and maintains her Board Certification as Pharmacotherapy Specialist.

Dr. McKinney is a member of the American College of Healthcare Executives and is active locally in the Greater Ohio Healthcare Leaders Forum. She has completed the presidential progression of the Greater Cincinnati Society of Health-System Pharmacists and has served as the Division Director for Communications for the Ohio Society of Health-System Pharmacists. Dr. McKinney has been an active member of the American Society of Health-System Pharmacists since 2003 and has served the organization in a variety of capacities. She is involved in the professional development of others through service in the preceptor role for approximately 10 advanced practice PharmD students per academic year for the University of Cincinnati James L. Winkle College of Pharmacy and seven PGY1 pharmacy practice residents per year at the University of Cincinnati Medical Center.
